Skills and Competencies	10/10
Goal Achievement	10/10
Team Collaboration	10/10
Professionalism	10/10
Initiative	10/10
Meeting Deadlines	10/10

Armaity is an amazing person to work with. She took great initiative by getting her portion of the project done by the time that we agreed on it. Her code executed well when tested and she also added substantial documentation via in-line comments to her code that made it both readable and understandable. She was incredibly responsive and professional in our group chat and made sure to keep me and the team updated in a collaborative manner on her progress. I'm very glad to have her on my team as she is an incredible team asset and classmate. She specifically worked on the minus and union methods for this project along with the in-line comments for it.

Meeting Deadlines	10/10

Ruthvik is a great team member who is extremely proficient in the skills needed to complete this project. He submitted his portion of the project to me by the deadline that we agreed to which showcased his professionalism and initiative in completing tasks. He also was great at collaborating with the other team members if they needed help on a concept either in class or with the project. His skills and drive allowed us to achieve the goals we set out to complete. Ruthvik is a great team member that I am beyond glad to work and learn with. He specifically worked on the theta-join and equi-join methods for this project and the in-line comments for both of them.
